

## The City of Rogers City is hiring

The City of Rogers City is looking to fill the following position:

- Wastewater Treatment Plant Operator

The ideal candidate will be comfortable working around waste and possess math and science abilities and comfort taking State tests that feature those subjects, as well as basic computer skills, good communication skills, and the flexibility to work evenings and weekends as necessary. The position will include tasks both inside and outside the treatment plant. City will train the right person interested in a career in public service, with an advancement to a leadership position possible. This position offers competitive wages and benefits.

Those interested in the position should email a resume and letter of interest to [tkoss@rogerscity.com](mailto:tkoss@rogerscity.com) or mail/drop-off those documents to the City of Rogers City, 193 E. Michigan Ave., Rogers City, MI 49779 not later than noon on September 27, 2023. Those with questions about the position should contact Rogers City WWTP supervisor Ray Hansen at (989) 734-2880. The City of Rogers City is an equal opportunity employer and provider.
